UI/UX Implementation

Performance Optimization

Debugging

PROJECTS

CISLIVE - IT Services Platform

04/2026 - Present

<https://cislive-frntnd-com.onrender.com>

<https://cislive-frntnd-com.onrender.com/admin/cislive>

Full-Stack MERN Application

- Built comprehensive IT services company website showcasing software solutions
- Developed professional admin dashboard for managing inquiries and demo requests
- Implemented real-time data analytics with charts and submission tracking
- Created contact forms with email notifications and admin approval system
- Designed responsive UI with modern animations and gradient effects
- Tech Stack: React, Tailwind CSS, Node.js, Express, MongoDB, Recharts

MY-TUBE - YouTube Clone

11/2025 - 12/2025

<https://mytube-frontendddd.onrender.com>

Full-Stack MERN Application

- Engineered feature-rich YouTube clone with video upload, playback, and streaming
- Implemented JWT authentication, real-time notifications, and user subscription system
- Built dynamic feed with recommendations, watch history, and personalized suggestions
- Optimized performance using lazy loading and pagination for seamless UX
- Tech Stack: React, Node.js/Express, MongoDB, JWT, Responsive Design

UBER CLONE - Ride Booking Platform

07/2025 - 08/2025

Full-Stack MERN Application

- Developed real-time ride booking system with live tracking functionality
- Implemented driver-passenger matching algorithm and dynamic interface updates
- Integrated real-time location services and ride history tracking
- Tech Stack: React, Node.js, Express, MongoDB, Real-time APIs

IT Service Provider Website

04/2025 - 05/2025

Full-Stack MERN Application

- Built responsive MERN stack website for IT services company with admin dashboard
- Implemented secure user authentication and role-based access control
- Created admin tools for service management with image upload and CRUD operations
- Tech Stack: React, Node.js, Express, MongoDB, Bootstrap, Cloud Deployment

CERTIFICATIONS

MERN Stack Development Training

DUCAT, South-Ex, New Delhi

KEY ACHIEVEMENTS

■ Responsive Web Design

Designed applications with mobile-first approach increasing mobile traffic

■ User Authentication

Implemented secure authentication systems protecting 100% of user transactions

■ Code Optimization

Optimized frontend performance reducing load times by 20%

■ Real-Time Features

Built live tracking and notification systems for enhanced UX
